# ABOUT US

## *Our Background*

We are **Concept Artists, Creative Directors & Art Directors**.

We've worked from AAA game & animation studios to indies, board games & comics, always driven by the same passion: **bringing ideas and stories to life**.

Let our artisans weave magic into your project with vibrant illustrations and breathtaking landscapes that will resonate with your audience.

DAY OF THE STEEL TIDE

## *Kite providers, Engineers & Steel creations*

The kite providers and the engineers are the ones shaping the oniric aspect of the festival. They make sure everyone has access to marine representations made of fabric, steel and other materials.

They use all their knowledge to give life to their steel creations and other embodiments of the sea creatures.
